WYSA PROGRAMS, ACTIVITIES AND SERVICES

OLYMPIC DEVELOPMENT PROGRAM

The Olympic Development Program (ODP) is a US Youth Soccer Program for elite level players throughout the State. The program identifies and develops youth players throughout the country, providing players the opportunity to represent their home State Association, region and the United States in soccer competition nationally and abroad.

ODP teams are formed at the State Association level, regional and national levels. Teams are comprised of the best players at the U15 through U19 age groups. At the State Association level, pools of players are identified at the eligible age groups through a try out process. There are currently more than 800 players participating in the 2010-2011 program. Players are pooled together, and throughout the year, engage in training and development sessions as well as soccer competition for additional observation and evaluation. From the state pools, state teams are created. State teams attend a regional camp, along with age group teams from the other State Associations within the region (Region II) for a weeklong experience.

At the regional camp, players engage in additional training and game sessions. Players are identified and selected to regional pools and regional teams. Exceptional regional pool and team players are extended invitations to attend national training sessions and participate on regional teams in national and international competitions. Subsequently, advanced players are named to the national pools, and in select cases, the national teams.

STATE SOCCER LEAGUES

The Wisconsin Youth Soccer Association operates state soccer leagues, as an additional benefit to member teams and clubs, to provide higher levels of competition for the players. The Premier State League is the top-flight league for elite teams in the State.

The second tier of league competition for boys and girls are the First & Second Divisions of the Wisconsin State Leagues. The First & Second Divisions were created as the second highest level of soccer competition in the State. The First & Second Divisions are ranked between the Premier State League and all other sanctioned classic leagues around the State.

Between seven and ten teams at the U12 through the U19 age groups compete in round robin league play. The U12 through U14 age groups compete in a fall and spring season. The U15 through U18 girls also compete in the fall, while the U15 through U19 boys compete in spring only, due to state high school participation restrictions.

TOPSoccer is "The Outreach Program for Children with Special Needs." TOPSoccer is a community based training and team placement program for young athletes with special needs by youth soccer association volunteers. The program is designed to bring the opportunity of learning and playing soccer to any boy or girl ages 8 to 19, who has a mental or physical disability. The goal is to enable the thousands of young athletes with disabilities to become valued and successful members of the Wisconsin Youth Soccer Association and US Youth Soccer families.

WISCONSIN YOUTH SOCCER ASSOCIATION STATE CHAMPIONSHIPS

The State Championships is a round robin group play competition and is the first stage in the US Youth National Championships Series. Any Wisconsin Youth Soccer Association affiliated team at the U13 through U19 age groups are

eligible to enter the competition for both boys and girls teams. Winners in the State Championships are crowned State Champions. State Champions advance to the Regional Championship Series, representing the State of Wisconsin. Regional winners at the U14 through U19 age groups advance to the National Championship Series.

The hosting site for the Wisconsin State Championships is awarded through a bidding process for a two year period. The hosting site for an age group will hold competition dates starting with the round robin group play through the semi-final matches. The final games are hosted at a single site.

KOHL'S AMERICAN CUP

The Kohl's American Cup is the recreational state tournament hosted by the WYSA. It is a less competitive format involving teams that are registered as recreational. It is a multi site event as well, but in this event, every participant is declared a winner, and no one team is awarded "champion" status.

WISCONSIN'S SOCCER ACROSS AMERICA (Formerly Soccer Start)

Wisconsin's Soccer Across America is an outreach program geared toward at-risk, disadvantaged, socially and economically challenged youth in the state. It is a program that seeks to expose children to soccer in urban, suburban and rural communities.

e-KIDSAFE RISK MANAGEMENT

Every US Youth Soccer State Association is required to administer a risk management program. In August of 1994, the US Youth Soccer approved the eKidSafe Risk Management Program and charged each state with the responsibility of developing a formal, written program to help prevent child abuse and molestation and to help all of us to become more aware of the warning signs of child abuse.

The Wisconsin Youth Soccer Association and its members will not knowingly allow any person convicted of a crime of violence, physical abuse, sale of illegal substances, or has any other convictions that would indicate a pattern of behavior that would have a detrimental effect on children to be placed in a position that would involve direct contact with children.

Applicability

This policy shall apply to any of the following who have regular contact with children:

1. Coaches
2. Assistant Coaches
3. Administrators including employees of the Wisconsin Youth Soccer Association and its affiliates
4. Other volunteers (managers, chaperones, tournament directors, etc)

The program will consist of the following parts:

1. Establishing guidelines for appropriate behavior.
2. Providing a means to gather information about those people who come in contact with our children.
3. Establishing written guidelines for the handling of this information.
4. Helping our members to identify and deal with child abuse.

COACHING EDUCATION

A key component of youth soccer is education. Education is stressed at all levels of the game. Coaching is no exception. The Wisconsin Youth Soccer Association offers various levels of certification and licensing for any individual working with our soccer youth. Certificates and licenses are somewhat age specific, as well as experienced based. Courses provide participants valuable information covering areas of how to be a coach, how to teach the game, and how to be a role model for the game. It is the belief that our coaches must have the minimum information necessary to teach the game. And with a bit of knowledge, the investment will be returned ten-fold through the children who are playing the game.

Clinics are set up around the State and are taught by qualified USSF licensed coaches. Classroom work as well as on-field activities make up a bulk of the coaching curriculum.

REFEREE DEVELOPMENT

Another key component in the youth game is referee recruitment, retention, education, training, development, evaluation and advancement. The Wisconsin Youth Soccer Association has in place a system designed to meet these goals. The Wisconsin State Referee Committee, along with its District Referee Units seeks to provide the basic foundation for the referee program. Together, the State Referee Committee, the District Referee Units and the Wisconsin Youth Soccer Association are aggressively working to improve the quality and quantity of officiating in the State of Wisconsin, at all levels. The State Referee Committee currently has more than 3,700 registered referees on file.

DATABASE MANAGEMENT

Registered players and coaches' information are kept in a database. Information is submitted to the State Office from member clubs and districts. At the State level, the information is imported into a single program. This information is also used for mailing list requests, which are received periodically from marketing and promotional agencies seeking to target specific soccer segments of the State.

ANNUAL GENERAL MEETING (AGM)

The Wisconsin Youth Soccer Association AGM, is the annual general meeting of the Wisconsin Youth Soccer Association membership. The AGM is usually held in the first quarter of the calendar year (between January 1 and March 31). At the AGM, the membership votes on issues pertinent to Wisconsin Youth Soccer Association operations (budgets, constitutional and by-law changes and policies).

TOURNAMENT SANCTIONING

Wisconsin Youth Soccer Association member clubs are provided opportunities to host tournaments or games. These events must be granted permission by the State Association in order to have liability coverage available on behalf of the club during the event. Hosting organizations submit application packages electronically to the tournament sanction committee. The committee reviews each application. If all hosting criteria are satisfied, the event is approved. Tournaments that have been approved are considered to be sanctioned. There are other soccer events held throughout the State, but these events may not be sanctioned by the State Association and therefore not US Youth Soccer.

Teams that participate in tournaments that are not sanctioned by US Youth Soccer affiliated State Associations are advised that their WYSA insurance does not apply. Additionally, US Youth Soccer prohibits the use of WYSA issued player passes for such events. You should contact the tournament for additional information regarding event specific insurance and to address the issue of player passes.

MIKE KABANICA MEMORIAL SCHOLARSHIP PROGRAM

The Wisconsin Youth Soccer Association annually awards \$3,000 in scholarships each spring to WYSA members who are graduating high school seniors. The scholarship program was established in memory of Mike Kabanica, former president of the Wisconsin Soccer Association, who was instrumental in the continued growth and development of soccer in Wisconsin.

SPONSORSHIPS & PROMOTIONS

The Wisconsin Youth Soccer Association is able to bring in sponsors for the continued growth and development of youth soccer in the State. Sponsorship agreements allow the Association to develop marketing partnerships with national organizations, in the name of soccer, and provide additional resources to meet the needs of the membership.

The Wisconsin Youth Soccer Association is an ever growing and developing organization, just as the game itself in the State. Each day brings new challenges and opportunities for the Association and its membership. We recognize these opportunities, and with courage, vision and strategic planning; we're charting a course that will continue to bridge new horizons and provide more opportunities for all of Wisconsin's youth to enjoy the world's game.
