Return to Play Risk Management Recommendations

A comprehensive solution to help protect your organization, family and the community around you during the COVID-19 pandemic.

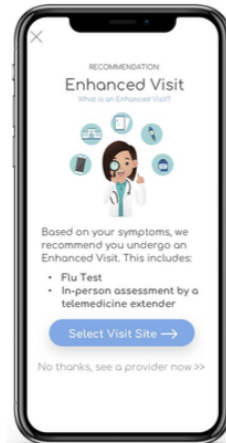

Our resources provide transparency and accountability.

- ❑ COVID-19 Parent Liability Waiver (**USYS & State Specific**)
- ❑ Verification of Current Family Insurance Coverage
- ❑ Daily Symptom Monitoring / Contact Tracing
- ❑ Daily Temperature Monitoring (Optional)
- ❑ COVID Testing Prior to Participation (**Reimbursable Varies by Insurance**)
- ❑ Documented RTL/RTP Clearance (Concussions, COVID, Other...)
- ❑ Infectious/Communicable Disease Training (CoachSafely)
- ❑ In-Season Risk Management Reporting (**Illness and Injury**)
 - ❑ *Includes reporting player loans and multi-sport athlete organizations for increased tracing methods*

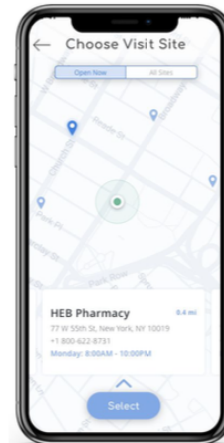

COVID Monitoring: Individuals pre-register for screening process before CV-19 testing.

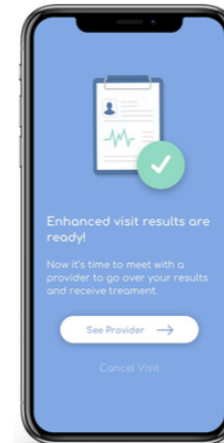

Patient fills out intake

If applicable, recommended Enhanced Visit

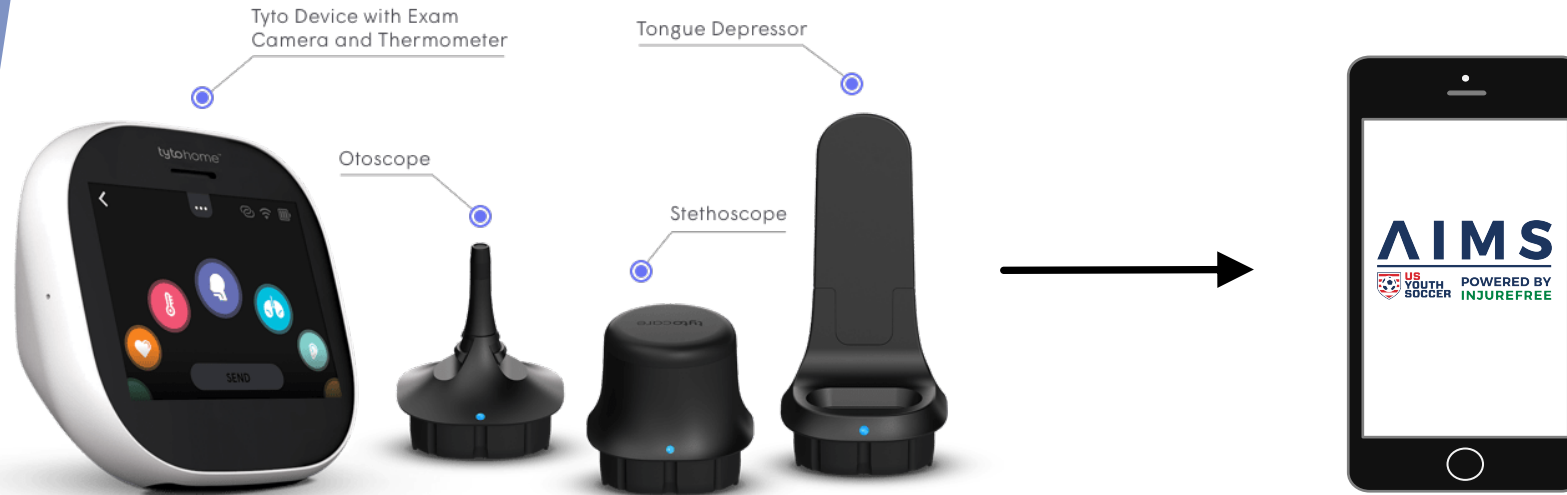

Patient selects location

After testing, patient completes visit on their own device

- ✓ COVID-19 Parent Liability Waiver
- ✓ Verify Active Family Insurance
- ✓ Aggregate Daily Symptom Monitoring
- ✓ Contact Tracing (Optional)
- ✓ Schedule COVID-19 Antibody Test

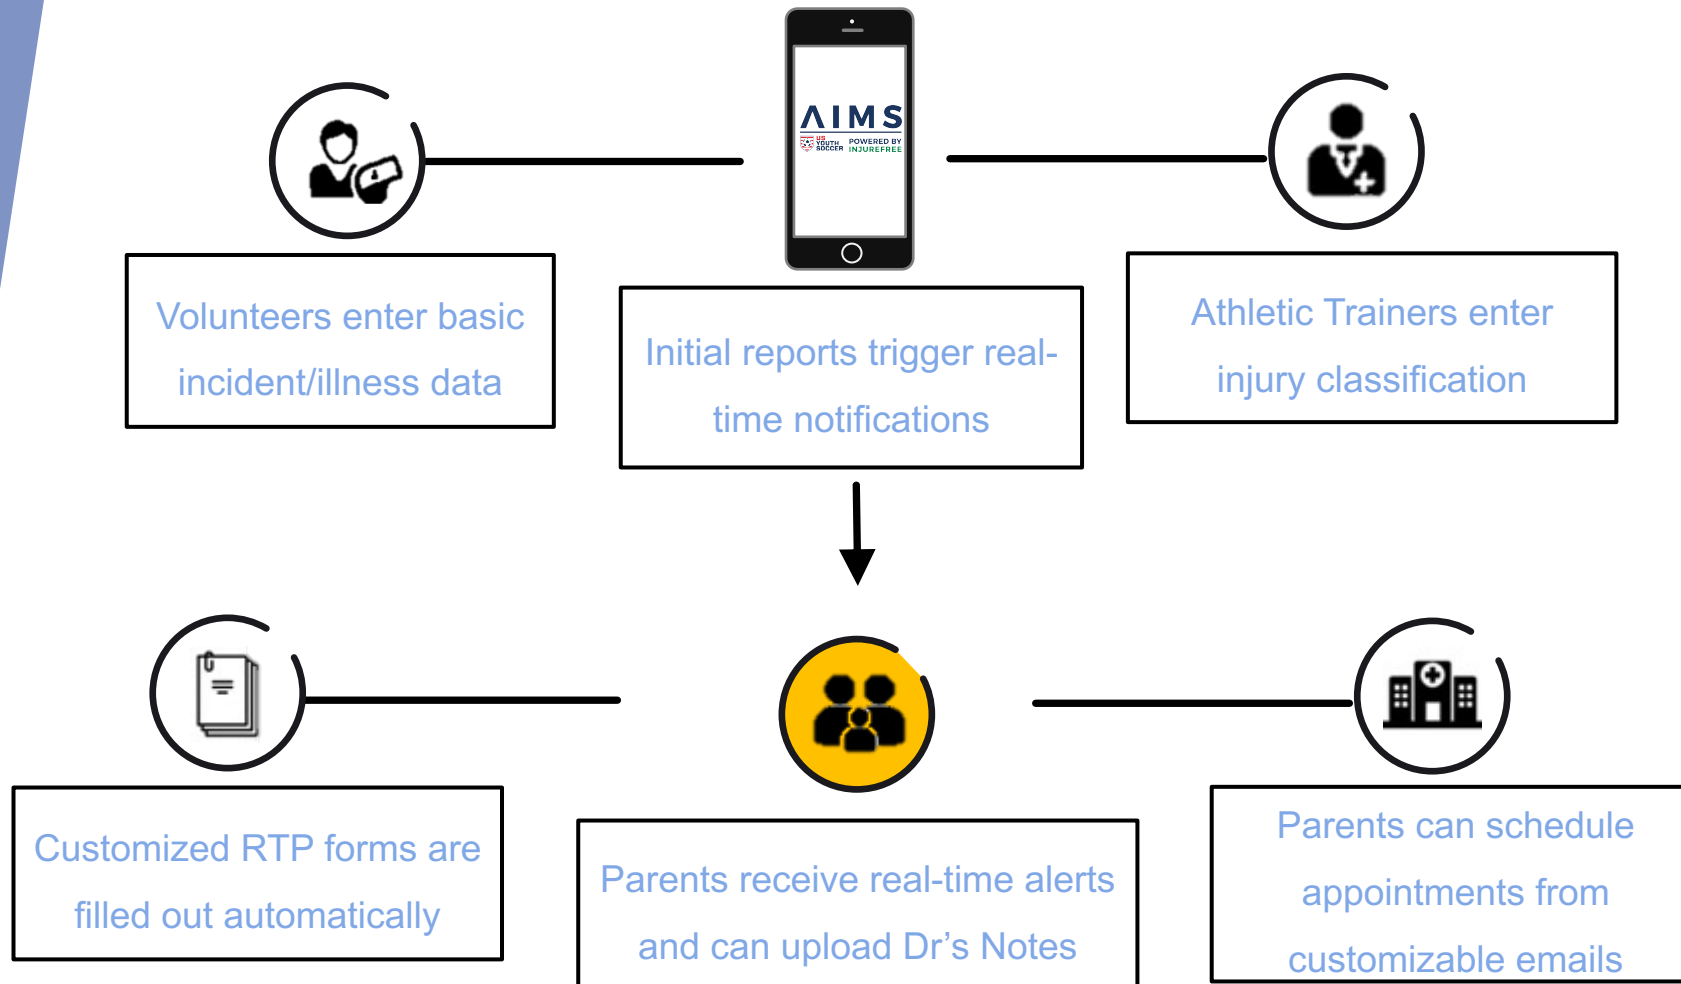

Daily temperature monitoring can help predict CV-19 outbreaks and reduce risk.

Volunteers take athlete's digital temperature daily, before practice/games.

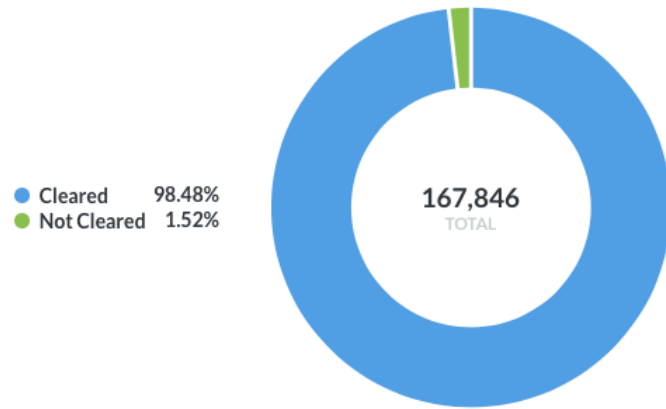

Records of athletes are **anonymous**, aggregated, and able to be monitored as real-time data sets.

Illness and injury reporting streamlines athlete care and **Return To Play**.

AIMS Dashboards provide real-time data to administrators for added oversight.
