

Individual Out of Club Permission Form

Per WYSA Policy, players are limited to registration with one club and are obligated to that registration for the entire seasonal year. A player who wishes to participate with another club in any WYSA or US Youth Soccer sanctioned activity during the seasonal year is required to obtain permission from their home club. Home club approval may only be authorized by a Club President or Director of Coaching. The guest club should retain a copy of this form with home club authorization before allowing player participation.
