- National Championship Series 18 teams at Regionals, 8 teams advancing to Nationals
- Presidents Cup 17 teams at Regionals, 2 teams advancing to Nationals
- Referee initiatives significant increase in the number of licensed officials largely
 thanks to WisRef commitment to more courses and instructors. Noteworthy, starting
 in 2024, first year grassroots referees will be issued a yellow whistle and should be
 given extra consideration.
- Over the last year three committees, comprised of WYSA Board members and members at large, were formed: Risk Management, Governance, Finance and AGM. The intent is/was to compliment & support staff, integrate more ideas & expertise, etc.
- Adam Hayes from PlayMetrics addressed the membership after a morning session
 with member clubs that preceded the general session. There are additional
 sessions to follow which will include live demos.

4. New Business

Motion to approve made by Southwest District; seconded by Vice Chair. Without further discussion the motion passes by majority vote.

Conor discussed the interest to forecast of fee increases at regular increments (e.g., 1, 3 and/o 5 years) so WYSA and member clubs forecast accordingly. WYSA will be seeking input on this over the next months and year.

Conor gave special mention to Fred Yasatan (Racine District) and Kevin Wasco (Independent Director) for collaboration on the formulation of an investment policy. This will establish guidelines for the prudent management & allocation of financial resources and outline permissible investments. It also provides direction for investment and/or use of non-operating reserve funds & excess funds.

4.2. Risk Management – this committee was chaired by Mike Recklies (Stateline District). Annual background checks starting with 24/25 registration year. Window is June-early August. This will better capture & catch incidents that would have occurred in the interim of every other year. It will also renew the etrainu resources. Anyone renewing/verifying after May 31 in 2024. The increase to from \$15 to \$25 is due to costs of a more rigorous background check (down to the County level) and the access to etrainu.

- 4.3. **13U Ball Size changing from size 5 to size 4** Per US Soccer directive and based on research (mainly through FIFA) pertaining to safety and quality of the game this will be implemented starting with 2024/25 competition year.
- 4.4. **Bylaw Changes** Jay de Bruin introduced and generally reviewed the Bylaw changes. These specific areas were identified
 - Revision to Article II, Section 2. This specifies how a district is created, number of districts, club placement in a district and regular pattern for review of district boundaries. Motion to approve revision to Article II, Section 2 made by Viking Youth Soccer Association; second Polonia SC. Without further discussion the motion passes by majority vote

These changes clarify the number of at-large directors, connect them to Districts, define the Independent Director and specify qualifications/selection/terms/vacancy rules & specific restrictions. Motion to approve revision to Article IX made by Beaver Dam United; second by Magic SC. Without further discussion motion passes by majority vote.
 - 6. Revision to Article X. These changes address the establishment of standing committees. Motion to approve revision to Article X made by United Soccer of Allouez; second by Lakeshore United. Included in the discussion was whether or not the WYSA Chair is a voting member of a committee or running a committee. 2025 SYRA Report Kyle Trimble, State Youth Referee Administrator

In August 2024 WisRef, the districts, and clubs made a great push for new referees, and we certified a record number of 499 new referees for the 2025 registration cycle. However, we still need continued effort from the districts and clubs to help find and retain more referees. As of right now we only have 83 new referees signed up for our 27 classes statewide running February 15 to April 27. Please contact me at kyle@wisref.org if you need help getting the information to send to your club and or district. We need another strong push for new referees this winter.

Recruitment and retention

Referee recruitment and retention remains a challenging process. Clubs and districts are encouraged to help increase and maintain the referee pool in your local area. Clubs and districts can do this by:

- Including an option for "referee" on your parent volunteer forms
- Offering incentives for new and recertifying referees (bonus for becoming a referee, refereeing a minimum number of local games; and/or a reimbursement of annual referee registration fees)
- Communicating the need for new and returning referees to all club members and parents at the start of each season
- Hosting "New" referee in-person courses locally
- Financially supporting the use of Referee Mentors & Coaches at tournaments and club events
- Improving & monitoring sideline behavior by coaches and spectators.
- Having a Club Referee Coordinator position or a shared position like this on your board would go a long way in local referee recruitment and retention.

An additional program that can help with referee recruitment and retention is the Referee Mentorship and Retention Initiative (RMRI). The RMRI is a great WYSA program that can help clubs with reimbursement for Mentors and incentives for new and recertifying referees. For more information, please visit the link below.

Referee Mentorship & Retention Initiative

New referee certification and re-certification

WisRef has changed the format in which our Instruction Program provides the New Referee Course(s). What was formerly a four-hour course (two hours in a classroom and two hours in a field session) is now three hours all field session course. We have grasped the "Butts Out of Seats" formula.

Referee Candidates now run through four different field sessions. Each session teaches the Referee whistle blowing skills and Assistant Referee flag mechanics. Experiential learning in a realistic format guides each candidate to be better prepared for live game experiences.

To get to this place WisRef has utilized the Train the Trainer concept. Referee Coaches and Mentors came together in a practice session acting as the candidates. This will help our Instruction Program better facilitate the success of each field session.

Details to Register

Annual recertification for referees is online in the Learning Center, with no in-person component required.

WisRef continues to train and certify Referee Mentors and Coaches. We encourage all tournaments and clubs to use the Referee Mentors, to observe, encourage, and train younger referees in the 'SEE – INTERPRET – ACT' decision making process. This methodology raises the bar for correct on-field decisions, leading to better games for all and increasing referee retention. The WYSA Referee Mentorship & Retention Initiative (RMRI) can be used by a club or district to help with younger referee training locally.

The Young Female Referee of the year for 2024 is Peyton Schroeder (Madison Area). The Young Male Referee of the year is Maddox Filter (La Crosse Area); we congratulate these individuals for their dedication to refereeing and being a role model on and off the field. Maddox also won the Midwest Region Young Male Referee Award. If you see a youth referee (<19 as of 8/1/2024) who you think is deserving of the Young Referee of the year award, please contact the SYRA, Kyle Trimble.

Referee Abuse and Assault

Coaches and parents can do a LOT to impact this problem by how they interact during the games. Even if you are frustrated, angry, irritated ('passionate'), during the game, you could really make an impact if you can take a deep breath and give some positive, encouraging words during and after the game. ALL NEW REFEREES are receiving a YELLOW WHISTLE at their entry level clinic. If you see a YELLOW WHISTLE, chances are they are new and need your SUPPORT. We can assume there will be mistakes, so let's try to encourage them like we do our athletes.
