

# FOND DU LAC SOCCER ASSOCIATION

## 2026–2027 Coaching Opportunities

Fond du Lac Soccer Association is looking to add motivated coaches to our staff for the 2026–2027 season as we continue building a new brand of soccer in the Fond du Lac and lower Fox Valley area.

As our club continues to grow, we are looking for coaches who are passionate about teaching the game, developing players, and contributing to a positive club culture. We want coaches who are willing to collaborate, continue learning, and help create a consistent development environment for our athletes.

We are currently looking for **1–2 Academy coaches** to work with our **U9–U10** age groups, as well as **1–2 coaches** to work with teams in the **U11–U14** age groups. Coaching experience and playing experience are preferred, but we are also open to the right candidates who are eager to learn, grow, and become part of our club.

We are also looking for coaches who may need some flexibility. If coaches are currently involved with high school programs, college programs, or other coaching responsibilities, we are willing to work around those schedules when possible.

The majority of coaching responsibilities take place during the fall and spring seasons, but coaches should also expect to be involved during the winter through our futsal and indoor training programs.

### Coaching Responsibilities

- Lead or assist with team training sessions during the fall and spring seasons
- Coach league games and tournament games as scheduled
- Support winter futsal and indoor training opportunities
- Work within the club's playing philosophy and player development model
- Collaborate with other coaches to create strong training environments
- Help players grow technically, tactically, physically, and mentally
- Communicate professionally with players, families, coaches, and club leadership
- Continue developing as a coach through education, mentorship, and club support
- Potentially assist with future summer camps, clinics, and other player development opportunities

### Compensation and Support

- Competitive coaching pay
- Financial assistance for coaching education
- Mentorship and collaboration with other club coaches
- Opportunities to grow into additional coaching roles within the club
- Support from club leadership throughout the season
- Additional paid opportunities through future summer camps, clinics, and player development programming
- Other compensation opportunities may be negotiated

---

If you are a licensed coach, former player, current coach, or someone who is passionate about helping young players develop, we would love to connect with you. This is a great opportunity to become part of a growing club that values player development, coach support, and a positive soccer environment.
